## Greetings

---

### INSIDE THIS ISSUE

1. Greetings from the Board
2. Annual General Meeting
3. Special Thoughts

We hope this newsletter finds all of our curling club family members safe and well. We certainly did not have the ending to the season we had hoped for, did we? We tremendously missed the opportunity to gather and celebrate another fun and successful season in the books at the Lancaster District Curling Club.

We want to assure our members that the club executive has had virtual monthly meetings since March to ensure we are keeping abreast of the latest news.

We are in contact with Curling Canada, CurlOn and the OVCA. We are reviewing their suggested best practices for running games safely. We will be reaching out to each of you to seek your input on how the club will proceed with the new season. Please keep an eye out for an email from us. The OVCA has created a Facebook discussion group. If it is of interest to you, please check it out.

We will only return to play when we have a solid plan for safe play and it is communicated to all members.

---

## Annual General Meeting

---

The AGM that is usually held in June has been postponed until further notice. This meeting may look different from years past, as we may be forced to an online forum.

If you are interested in helping out as a board or committee member, please contact Rose MacCulloch at 613-861-1884 or by email [rose.macculloch@ucdsb.on.ca](mailto:rose.macculloch@ucdsb.on.ca).

## Special Thoughts

---

As many you are aware, our dear friend Coleman has been diagnosed with stage 4 cancer. He is enjoying visits and well wishes from people in the community. If you would like to visit, please call his home # 613-347-2217 as his daughters Krista or Greer will let you know if he's up to company that particular day. You can also drop off well wishes in his mailbox.
